Our Story

Dee Vine Estate is a winery established from the traditional family vineyards of Michele and Domenico Scarfone, two brothers that emigrated from Southern Italy in 1956 to settle at Nericon within the Riverina area of Australia.

They planted the first vines on the property the following year with the vision of producing traditional Italian table wine for the Australian wine drinker.

Three generations later Adrian Bianchini and Fernando Rombola have significantly expanded from their grandfathers original parcel of land, but follow the same principles; a passion for fine wine and dedication in producing a remarkably distinctive product.

Our Winery

Our site was founded in 1930 by the Rossetto Family.

With many years experience in Viticulture and winemaking, our family owned winery, from past, to present consistently endeavour to provide a heavy emphasis on excellence, quality and service.

Now crushing over 35 000 tonnes, majority of which are from our family grown estate vineyards.
